our TIP

An Arab proverb states that the loveliest view of the world is from the back of a horse. No less impressive for most mortals, however, is the view of the world from the deck of a boat. Water trips are usually linked in this country with young people, swim suits, tennis shoes and splashing about, but this need not be everything by a long shot. Rides in comfortable six-seater rubber dinghies provide a non-traditional view of Olomouc. The boat trail leads from the main arm of the Morava River, or from Mlýnský potok (Mill Stream) directly below the fortifications of the historical parts of Olomouc. Since the Morava River flows through the alluvial forests of the picturesque protected area of European renown, the "Litovelské Pomoraví nature reserve", we also offer an unusual variant trip of a half-day or full day which will undoubtedly also enrich your stay in the Olomouc Region.

only **90 CZK** per person

Touring boat rides

Newly introduced touring rafting rides around the lovely sights of the City of Olomouc along the Mlýnský potok (Mill Stream) branch of the Morava River. These tours are organised in Olomouc every Wednesday (in July and August also every Friday) throughout the summer season from May until November: 10 am–5 pm and upon special occasions.

Seasonal novelty

A locale will be marked on the Upper Square next to the Astronomical Clock where the CK PEŘEJ Tours mini-bus will be standing. The tours can be ordered and paid for at this point. Each hour one can set out on this non-traditional tour of the historical centre of the City of Olomouc.

The micro-bus will bring the passengers from the Upper Square to the boarding point in the park below St. Wenceslas Cathedral. After a short instruction session and information about the journey, participants will receive a paddle and a life jacket. They will get into the raft along with the instructor directly under the Cathedral and enjoy the ride which leads below Přemyslid Palace, through Bezruč Park, to the so-called "Foray", along the ancient Olomouc fortifications with a view of St. Michael's Church from the 17th century with the former Dominican Monastery, around the Botanical Garden with Michael's tree-lined path to the bridge at the outdoor market (tř. 17. listopadu street).

The micro-bus will be waiting at the other end of the ride and will bring you back to the centre of the city to the Astronomical Clock. The ride is not demanding and can be enjoyed by families with children. The length of the ride is approximately 2 km.
